PoE1-8 Green Light	PoE NetworkState	Green lightblinked	If the green light does not flicker, please check whether the externalnetwork equipment is normal
PWR	Power Indicator	Blink Red	The device power on is normal

---

3. Hardware Installation

• Pole-mount

1   2

• Wall-mount

1   2

3

2×Screw with medium size

4×Screw with long size

• Hanging Mount

1   2

2×Screw with medium size

3   4

2×Screw with long size

## 4. Network Cable Installation
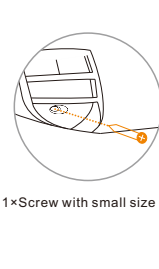

Open the box   Connect Cable

Push down and open to the right

Connect Power   Close the box

1×Screw with small size

---

5. Specification

Product	WI-PS210G-O	WI-PS310GF-O
Hardware	V2	V1
Ports	6 100Mbps PoE ports 2 1000Mbps PoE ports 2 1000Mbps Ethernet ports 1 1000Mbps SFP slot	8 1000Mbps PoE ports 2 1000Mbps Ethernet ports 2 1000Mbps SFP slots
PoE Output Port	6*802.3af/at PoE+2*802.3bt 60W PoE	6*802.3af/at PoE+2*802.3bt 60W PoE
Power In	AC 110-240V	AC 110-240V
PoE Watchdog	Yes	Yes
PoE Budget	120W	120W
Application Environment	-30℃ ~ 70℃	-30℃ ~ 70℃
